

**K Elevator Cabs Ltd is please to announces that, in cooperation AVT Beckett Elevators Ltd, we will now be offering personal masks for your personal protection!**

This is in reaction to the Government's suggestion that wearing a personal mask can provide additional protection in places where social distancing may be difficult to achieve, or just to make each person a little more comfortable out in the general public or on job sites

Because we already have the facility to make protection pads, we have decided to begin making masks. Starting last week, our in-house seamstress is busy making these in between pad orders.

As a loyal supplier to the elevator industry we thought we would first offer these to our industry friends before offering to the general public. The masks are available in three different sizes Small, Medium and Large.

The mask design was based on a recommended design from a Doctor in New York City for personal masks. The important part of these is the type of material used. It is a Batik Quilters Fabric selected for its tight weave and the amount of cotton it contains.

We suggest that you purchase masks based on your shirt size as follows:

**Small** - Small Shirt Size

**Medium** – Medium and Large Shirt Size

**Large** – X-Large to greater shirt size

**Cost:** \$7.08 + HST per mask (shipping extra, or curbside p/u is also available)

**To Order**

Email: [info@k-elevator.com](mailto:info@k-elevator.com)

Phone: 905-837-2043

**\*\*Disclaimer:** These masks are not medical grade and are intended for added personal protection only

Please continue to follow all direction communicated by the Government
